January 28, 2005 10 am	California Public Utilities Commission 505 Van Ness Avenue, Hearing Room A (Corner of Van Ness Avenue and McAllister Street) San Francisco
---------------------------	--

At the Pre-Hearing Conference held on January 14, 2005, the assigned Administrative Law Judge, ALJ McKenzie, directed that a workshop be held on January 28 to explore and resolve issues raised in protests to the utilities' applications. The issues include, but are not limited to: (1) the extent to which reliability may be impaired as a result of increasing load on utility systems in the summer of 2005, and possible means of mitigating those concerns; (2) whether the utilities' proposed incentives contribute to margin, or instead negatively impact other ratepayers; and (3) whether the increased capital costs and

operation and maintenance costs associated with the proposals for additional line extension incentives will, in the future, have to be borne by other ratepayers. At the workshop, participants will have the opportunity to identify positions, respond to opposing proposals, and propose remedies or approaches to develop workable incentives with positive gains for the other ratepayers. To submit additional agenda items, other than those mentioned at the January 14 PHC or for further information, contact Kathryn Auriemma of the CPUC's Energy Division by email at kdw@cpuc.ca.gov or by phone at (415) 703-2072.

California Public Utilities Commission
505 Van Ness Avenue, Hearing Room A

In Decision (D.) 03-07-028, as modified by D03-08-076, D04-11-014, and D04-12-059, the Commission imposed a Cost Responsibility Surcharge (CRS) on Municipal Departing Load (MDL) within the service territories of Pacific Gas and Electric Company, Southern California Edison Company, and San Diego Gas & Electric Company, but deferred issues relating to the billing and collection of the MDL CRS for further consideration. On December 23, 2004, the assigned Administrative Law Judge issued a ruling ordering a technical workshop to be held on January 31, 2005 for purposes of identifying positions and seeking consensus on process and procedures for billing and collection of MDL CRS. At the workshop, participants will have the opportunity to identify positions, respond to opposing proposals, and propose remedies or approaches to satisfy the billing and collection requirements set forth in the above-referenced decisions. For further information, contact Laura Martin of the CPUC's Energy Division by email at LRA@CPUC.CA.GOV or by phone at (415) 703-2149.

1/20/05	A04-06-004	Level 3 Communications, LLC, for Arbitration pursuant to Section 252(b) of the Communications Act of 1934, as amended by the Telecommunications Act of 1996, and applicable state laws for rates, terms and conditions of Interconnection with Pacific Bell Telephone Company (U 1001-C) dba SBC California and SBC Communications.
---------	------------	---

Summary: On January 14, 2005, Rogier Ducloo, Director of Interconnection, Level 3 Communications, LLC (Level 3), met with Aram Shumavon, advisor to Cmmr. Brown, Tim Sullivan, advisor to Cmmr. Kennedy, and Lester Wong, advisor to Pres. Peevey, in three separate meetings in San Francisco. Peter Hanson, advisor to Cmmr. Brown, participated in the meeting with Aram Shumavon. Also present were Phil Enis of the Commission staff and Eric Cecil, Regulatory Counsel, and Richard H. Levin, local counsel, for Level 3. Written materials (attached to the notice) were used. Ducloo and Cecil presented the reasons why mixing of traffic on local interconnection trunks should be permitted, stating that there is no technical reason why such mixing cannot be done, that is it much more efficient for both Level 3 and SBC to combining traffic in this manner, and that such combining is permitted. Levin stated that combining of such traffic is required by law, as well.
